

Lift Him Up

Words and music by Troy McIntosh ©

We have come to lift Him up
High above the earth
We have come to lift Him up
In the manner He deserves
We will lift our voices toward Heaven
Holy hands, we will raise
We exalt and give You honor
You deserve all my praise

He said, "If I be lifted up,
I'll draw all men unto me"
Soon He's coming back again
To reign as Lord and King
You're the Son of the most High God
Immanuel, Prince of Peace
You're the Lord, the great Jehovah
El Shaddai, to you we sing

Lift Him up (4x)

Not for fashion, not for show
But we want the world to know
You're the one that we love
We have come to lift Him up
