

It's Not About

Words and music by Troy McIntosh ©2000

chorus

It's not about what you want
Not about what you think
You can't have everything
It's not about you and me

1 -- lead

We live in times where men revise
The words of God suit their own desires.
We live in days where man has remade
Yahweh into a genie in the sky

pre-chorus

Seek ye first,
His kingdom first
Holiness
Righteousness

Be Satisfied
In Jesus Christ
What more could you want?
Could get more than you've got?

chorus

2

No matter what we do receive
We still want more and more and more and more
Nothing but God can relieve
The void inside our souls (seek ye first)

pre-chorus

bridge

How we take for granted
What we already have
The way that we live
We should give thanks
For who He is, the things he's done

out

He's God all alone
He can do what He wanna do --
It's not about me, it's not about you

It's Not about what you want
It's Not about what you think
You can't have everythang
It's not about you and me
